FRIDAY, DECEMBER 9.

The death of Mrs. Mary B. Eddy a wonderful woman who has been at the head of the Christian Science people for so many years leaves that organization without an official head. It also somewhat discounts their position, because of the fact that they had contended that Mrs. Eddy would never die. She lived to be ninety years of age and her accomplishments in her chosen work will serve to give her a prominent place in history.

Hartford people should make some effort to influence the L. & N. Railroad Company in the matter of giving better passenger service on the new M. H. & E. road. It is impossible to go to Owensboro over this line and return the same day. Besides it is necessary to wait at Moorman three and one-half hours to make a trip over this line at all, and returning, it is necessary to stay over at Moorman all night on the way to Hartford. This line cannot expect much passenger service out of Hartford or points in Ohio County until some better arrangement for connection at this point and better facilities for reaching Louisville, and return, are inaugurated. Our people desire to patronize their home line whenever possible, but they hope to have the assistance of the railroad people in making it possible.

There is to be an effort to reorganize and push the lines of the American Society of Equity in Kentucky. This is a laudable undertaking and should have the hearty co-operation of every member of the society and everyone who has been a member of it in the past. It has been thoroughly demonstrated by the failure of the Burley Society and the Dark Tobacco Association that success cannot be attained in the pooling of crops, except through a permanent organization which reaches out to the school house locals and one which is maintained by proper officers, proper regulations and regular meetings for the members. The loose way of merely carrying the pooling pledges around and securing names, without the responsibility of membership in any well defined organization, has proven a failure. The American Society of Equity, the mother of all of these attempts at organization has all along deserved better treatment and better support than it has received at the hands of the people. This organization is educational and tends to promote intelligence, loyalty to the interest of the farmers and is a guarantee against the lawlessness which has prevailed in sections of the State where the American Society of Equity has had no organization.

While attending the United States Court at Owensboro last week, the writer was amazed to hear the learned judge of the Western District of Kentucky, while empanelling a jury in a Night Rider Civil suit, disqualify numerous citizens because they had belonged to the American Society of Equity. Practically announcing that this society and the night rider organization are one and the same. There is no more connection between the American Society of Equity and any night rider or Klu Klux organization than there is between the Masons, Odd Fellows, Knights of Pythias and the Night Riders. There has never been a member of the American Society of Equity indicted in connection with these outrages and no member of this society has ever been accused of connection with any of the night rider organizations and it is an outrage upon this organization, which has stood solidly for law and order; even offering a reward of \$50.00 for the conviction of any of its members for participation in any night rider outrages, to have these aspersions thrown upon a set of men WHO ARE AS HONEST, LOYAL and LAW ABIDING citizens as are contained in any state in the union. Wherever this organization has had a foothold there has been no disorder. In Ohio, Daviess, Hancock, McLean, and other counties of the Green River section, where the American Society of Equity has been strongest, no night rider troubles in connection with the tobacco war have ever taken place. The American Society of Equity has never had any members in the coun-

ties where these troubles have arisen. It had but three members in Christian county in all of its history and no one of the defendants in the trial at Owensboro last week were shown to have ever been connected with the American Society of Equity. This organization is not a secret one, its members are required to assume no oath or obligation and the meetings are open at all times to visitors, and at every meeting of the various locals the wives and daughters of the members are permitted and invited to attend to hear discussions calculated to elevate the members socially and morally, as well as to better qualify them for their chosen avocation in life. There are some crimes almost as bad as night riding, and not the least among them is that of casting insinuations upon an entire organization of good men, individually and collectively, whether it be through ignorance or determination to destroy the efforts of honest arduous work upon the part of men seeking to better their conditions in life.

### What The Leaders Say About Us.

The Fourth District Leader, of Hardinsburg, edited by Hon. John P. Haswell, says:

Mr. J. Ney Foster has purchased an interest in the Hartford Republican and is now the associate editor. Mr. Foster will be remembered as the capable editor of this paper for sometime. We congratulate the young man upon returning to newspaper work. The Hartford Republican, under the management of himself and Col. Barnett, is one of the best weekly newspapers in the State.

### Resolutions of Respect.

Resolutions of respect from Pond Run church.

Whereas, we find the Supreme Ruler has removed from our midst our beloved sister Sallie Kirtley who is survived by a companion and three children.

Sister Kirtley was born Dec. 9th, 1839 and died Nov. 7th, 1910 and was admitted to this church on the 6th day of Jan. 1894 and has lived a devoted member since admission. We know how impossible it is to silence our grief with words our hearts plead utterance in tears and let them speak thus we bow in sorrow at the taking of our sister but feeling that while the ripened fruit may be gathered there is no one can take her place in our hearts yet it is well to realize that our sorrow and regret while natural and not unworthy is to a certain extent selfish. Our sorrow is for ourselves our regret and pain at parting is due to a sense of personal loss which we feel that she has passed to a splendid reward and we trust that when it is ours to lay down our burdens of life each of us may be prepared to leave such a great consolation.

Be it Resolved, That we the church tender to the bereaved family our deepest sympathy be it further resolved that a page be set apart in our record book for the recording of this memorial and a copy be sent to the bereaved family.

### Resolutions of Respect.

Resolutions of Respect from Pond Run Church.

Whereas we find that our Heavenly Father has in His infinite wisdom visited our vicinity and removed from our midst our beloved Bro. E. H. Maddox. Bro. Maddox was born July 1840 and died Nov. 17th 1910 leaving a wife and five children, Bro. Maddox was united to this church by letter September 10th 1901 and has lived a faithful member since admission.

How feeble are words to carry consolation to hearts bereaved of a beloved brother and an affectionate father a kind and tender branch which did spring fourth and unfold its blossoms in our midst and now has been gathered to the land of rest.

We have no doubt that Bro. Maddox has ultimately won that crown of life promised to those who do the will of our Heavenly father while on earth and we feel assured that he will share the rewards promised to the faithful.

It will be a sacred thought in years to come that he lived in our vicinity as long as he did and a blessed resolution that he grew up to love and be loved by those who will ever so tenderly cherish his pure memory.

Be it Resolved, that we the Church tender our deepest sympathy to the bereaved family be it further resolved that a page be set apart in our record book for the recording of this memorial and a copy presented to the bereaved family.
